Helping Malaysians retire with confidence

Take a look at how some have planned for their years ahead to achieve their life goals.

Vivien Chen, 40

Dance Teacher from Kuala Lumpur

I plan to grow my ballet vlog from 50k to 200k subscribers. My dream is to build a mini-home studio to teach small classes and shoot videos. I'll upgrade my skills and hire a team so that I can one day also teach underprivileged kids across Malaysia!

Zuraida Othman, 42

Furniture Designer from Kuantan

I hope my transition to freelance photography can still pay the bills! Savings on top of my EPF would help a lot if it doesn't. This change allows me to bond with my son and take beautiful photos, without worrying about financial security.

Dinesh Nathan, 38

Entrepreneur from Johor Bahru

I'm going to evolve my ride-sharing app into delivery services with a reward scheme. Business is healthy, but who knows what will happen in the future? Having some extra savings will help not only with business but my kids' education fund.

It's not too late to start saving

Even though ballet teacher Vivien only starts saving at 40, she can opt to extend her Retirement Age to enjoy a higher Retirement Benefit. After retiring, she can continue to fund her ballet dream with cash payments for the next 20 years.
